POWERS' FIRM STAND ON YANGTSE POPULAR COUPLE MARRIED

BRITAIN NOT TO MOVE GUNBOATS ON RIVER

U.S. LIKELY TO ADOPT IDENTICAL ATTITUDE

Shanghai, June 13. It is authoritatively learned that the British authorities have given no orders for British gunboats to alter their positions in the Yangtze River. There is at present one gunboat at Wuhu and one at Kiukiang and both have been ordered to remain in their positions.

RACING CAR DASHES INTO SPECTATORS

Three Killed In Australia

Sydney, June 13. Three persons were killed and nine injured in two accidents in motor races today in New South Wales in celebration of the King's birthday.

The first accident occurred when a car somersaulted five times. The driver, however, was not injured.

In the second case, a car left the track and dashed into the spectators, killing a woman and two children and injuring nine others. The driver escaped with slight shock.—(Reuters).

BOMB THROWN AT SYRIAN PREMIER

Damascus, June 13. A bomb was thrown today at a car conveying the Syrian Premier, Mardam Bey, from his country residence to Damascus. No damage, however, was done and the Premier was able to continue his journey immediately.

No trace of the culprits so far has been discovered.—(Transocean).

Well That Ran Red With Blood Was False Alarm

Canton, June 13. The inhabitants of Faishan, a suburb of Canton, were greatly alarmed by a report circulated over the week-end that a well in Sze Lung Lane, ran red with blood.

All manner of rumours were in the air and a large number of people flocked to see the well.

The matter was brought to the notice of the police, who on investigation discovered that the colour was imparted to the water through the dumping of red gift envelopes (lai shee) by small children who had received them on the occasion of the Dragon Boat Festival.—(International).

JAPANESE STAGE NIGHT AIR RAID ON CANTON CITY

FRENCH POLICY IN SPAIN CRITICISED

Flandin Demands Co-operation With Italy

Paris, June 13. French policy with regard to Spain was sharply criticised by the former Premier and Foreign Minister, M. Flandin, at a meeting yesterday.

The Spanish war was a most serious danger to peace and to the safety of France, M. Flandin declared. Official France was not neutral but had manifested sympathy with the Government in Spain and tolerated deliveries of arms to Valencia and Barcelona.

"We demand the abandonment of a policy which prolongs the civil war in Spain," said M. Flandin, "and prevents France from co-operating with Italy in appeasement in the Mediterranean."—(Transocean).

INSURGENTS ON OUTSKIRTS OF CASTELLON

Salamanca, June 13. The Insurgents claim to have advanced to the outskirts of Castellon and that rapid advances have been made on the northern front.

Large numbers of refugees are pouring into Valencia, though there is no panic in the city.—(Reuters).

Bombs Again Released On Saichuen Power Station

Planes Fly From Base On Fukien Coast

Canton, June 13. Three air raid alarms were sounded in Canton today, though only during the third did any planes fly over this city.

The raid took place at night. An undetermined number of Japanese planes in five separate relays released nearly 30 bombs in the vicinity of the already destroyed power station at Saichuen.

Tonight's raid lasted until 11 p.m., the all-clear being sounded at 11.40 p.m. Spy hysteria was again in evidence.

Watchers on the rooftops in Shamoen witnessed several suspicious lights appearing in the windows opposite just prior to the arrival of the raiders, whereupon a barrage of rifle and revolver fire was opened up in the direction of the lights.

The thud of bullets striking the buildings on the Shakes Bund, opposite Shamoen, was clearly audible in the weird silence which prevailed throughout Canton during the raid.

FROM FUKIEN BASE

For the first time in many months, Japanese planes in the second raid today invaded Kwangtung from the new base somewhere on the Fukien coast, probably Amoy.

CHINESE PLANNING KAIFENG ATTACK

LUNGHAI ZONE FLOODS HOLDING UP JAPANESE

Hankow, June 13. It is reported that the Chinese troops are taking advantage of the flood situation along the Lunghai Railway to launch a counter-attack on Kaifeng, to which town the Japanese troops have retired. Thousands of refugees on the south bank of the Yellow River have been drowned as a result of the destruction of the Yellow River dykes by Japanese bombing.

Japanese troops on the north bank of the Yellow River are planning to cross the waterway west of the Peiping-Hankow Railway in order to attack Loyang.

According to an intelligence report, the Japanese are concentrating their main force in a drive westward from Hefei, in Central Anhwei, with Hsinyang, on the Peiping-Hankow Railway, as the objective, thence proceed southward to Hankow.—(International).

JAPANESE ADMIT ADVANCE CHECKED

Shanghai, June 13. The Japanese Army spokesman today admitted that rain was holding up the Japanese advance on Chengchow, but denied that the Yellow River flood was swamping the Japanese troops.

The river had only been 15 or 16 feet deep, he stated, whereas in flood time it reaches 30 feet or more.

The spokesman alleged that the river banks for a distance of eight kilometres near Kaifeng were destroyed by thousands of Chinese farmers pressed into service by a division of Chinese troops who are supervising the work of destruction.—(Reuters).

HANKOW FOREIGNERS TO CONFER

Hankow, June 13. The Acting Consul-General, Mr. Whitmore, has called a meeting of all Britons for Tuesday afternoon to discuss matters of "great importance" relating to the general situation. It is also understood that several "international" trains are being organised for the end of the month to evacuate such foreigners as wish to leave.—(Reuters).

Plane Brings Naval Man To Hospital

Great excitement was caused on the waterfront, shortly after 11 p.m. last night when a plane was observed to be flying very low over the harbour.

After circling over the water the machine alighted opposite the Royal Naval Yard, with a searchlight throwing a beam to guide the pilot.

Inquiries from the Naval authorities revealed that the plane was from H.M.S. Dorsetshire, which is outside harbour limits, and that it conveyed an urgent appendicitis case to the Royal Naval Hospital.

ELECTIONS IN THE SANJAK

Franco-Turkish Body Takes Over

Antioch, June 13. Conforming to the recent agreement, a mixed Franco-Turkish Military Commission yesterday assumed supervision of preparations for the forthcoming elections in the Sanjak of Alexandretta.

Two Arab newspapers which protested against the exclusion of Syria from the Commission have been banned.

A decrease of the tension is, however, noticeable among the population.—(Transocean).

FRENCH AMBASSADOR IN HANKOW

Hankow, June 13. M. Paul Emile Naglar, French Ambassador to China, accompanied by members of his staff, arrived in Hankow from Hong Kong at 11.30 a.m. today by plane.—(Central News).

CANTON CITY IS DRIVEN BY OVERWHELMING FEAR OF DEATH

BOMBING IS BUILDING HATRED FOR JAPANESE

Pitiful Hospital Case: China Needs Credit As Means Of Defence

Canton, the city of South China which has been the centre of revolutionary movements in China in recent years and has passed through many political upheavals including the Communist uprising in 1927 when thousands lost their lives in street fighting, is facing today an attack which makes all of the previous troubles of this old city seem small in comparison. It is today a city driven by one great, overwhelming fear, the fear of death or suffering from the bombs which Japanese planes have been dropping not only upon factories, which might be called military objectives, but on residences and on business houses, writes Mr. E. H. Lockwood, allocated by the International Committee of the Y.M.C.A. to help in the development of the work of the Association in Canton. Mr. Lockwood is a resident of Chicago, Illinois, and a son-in-law of Mr. Lew H. Webb, of Conkling, Price and Webb.

A few days ago we visited one of the more than twenty hospitals which today are caring for those who are suffering from wounds received in Canton's bombing. This visit brought home to me what recent bombings in Canton have meant to human life and brought a realization of what further suffering the people of this city face, unless something can be done to restrain the action of the military leaders of Japan who are, I am sure causing suffering which even the patriotic civilians of Japan would not favour if they knew about it.

We walked through the men's ward. Here was a man, of middle age, whose hand had been amputated. He is a shoe maker and like most artisans of Canton never makes more than a bare living.

PITIFUL CASE

In the women's ward I saw the most pitiful case in the entire hospital, a child of four months of age, too young to know of the misfortune which had come to it and the years of trouble before it. This child was being nursed by its mother when a Japanese plane dropped a bomb, a piece of which pierced the body of the mother and at the same time took off a part of the foot of the child. The mother was killed instantly, the child lives to be a cripple.

We went into a ward where two Red Cross workers lay with serious wounds received when working to save human life. One of them, a man, told me that on last Monday when Japanese planes bombed in the vicinity of the Y.M.C.A., one bomb fell in the street. This young man rushed out to help the wounded and received in his body one of the machine-gun bullets from a Japanese plane. In the nearby headquarters of the Chinese Red Cross one worker was killed and a number of others were wounded.

BUILDING HATRED

If Japan thinks she can make friends with the Chinese by such bombings of civilians she is mistaken. The people know the anti-aircraft guns are not an adequate protection for the city but I have not heard anyone say that they thought China should give in to Japan. Rather there is being built in their hearts a hatred for the Japanese which will never be forgotten and which will be a cause for regret by the Japanese in future years.

Those who are left in the city are poor people who have no place to go or those who have work in government or in business which requires them to be here. For the most part officials have stayed at work. This is true of Mayor Tsang Yang-po and Governor Wu Tchen.

The courage of the Mayor is seen by the fact that on Tuesday, the day following the terrible bombing in the vicinity of the Y.M.C.A., when hundreds lost their lives some of them being blown literally into bits which were scattered like leaves before a wind, the Mayor came, as he had promised, to open an exhibit of pictures of graphic art which had been arranged by Jack Chen, recently returned to China with an exhibition of the work of American and British graphic artists.

Even Jack Chen, who had invited the Mayor to open the exhibit had been so upset by the bombing on the previous day that he was not on hand to receive the Mayor when he arrived as he had promised to do.

So it is that this city which faces death, and possible suffering which may be worse than death, carries on. Full of fears are the hearts of the people but there is no one to whom I have talked who thinks of submission to the Japanese. On the other hand, the Japanese are sowing seeds of hatred which will bear fruit some day no matter what the outcome of the present war will be.

In a recent paper I read that the United States government has appropriated thirty five millions of dollars for the construction of battleships which will protect the country at large from Japanese attack. If the United States would spend money to provide the Chinese with means of defence they would be taking the long look. Provided with means of defence the Chinese would defeat Japan and make it impossible for the military leaders of that country to be a threat to the peace of the United States.

China does not need soldiers from the United States. She does need credit and the means of defence. I grant that I am prejudiced in favour of the Chinese. But, it seems to me, that purely from the selfish point of view, it would be better to help China to defeat Japan today than to wait until Japan, possibly strengthened with the resources of China, will be a real menace to the peace and security of the United States.

VISITS PROHIBITED

Canton, June 13. In view of the commanding position of Kwan Yin Hill, north of this city, the Kwangtung military authorities are prohibiting visits to that height.

Communications have been sent by the Foreign Affairs Commission, to various foreign consulates here asking them to notify their respective nationals to that effect.

The hill, which overlooks the entire city, is now considered an important military point. All roads leading to the hill are blocked. (Central News).

EVACUATION OF REFUGEES

Canton, June 13. A sum of \$200,000 will be appropriated by the Kwangtung Provincial Government for the evacuation of refugees in Canton to places of greater safety.

The majority of the refugees will be sent to the interior to do reclamation work. (Central News).

INVESTIGATION INTO CANTON SCHOOL DAMAGES

Canton, June 13. An investigation into the damages done to public and private schools in Canton by recent Japanese air raids is now being conducted by the Ministry of Education.

Scores of these institutions have been partially or completely destroyed by indiscriminate Japanese bombings during the past week. (Central News).

MEDICAL SERVICE PARTIALLY STOPPED

Canton, June 13. As a result of the damage done by Japanese air raiders recently, the Dommer Hospital here has partially suspended its medical services.

Only ordinary treatments which do not require the use of instruments, are given, while operations are discontinued. (Central News).

MAGISTRATE AND HAWKERS

"Futile To Bring Them Into Court"

The sitting of the Central Court commenced unusually late yesterday morning, and when Mr. Butters, the First Magistrate, did occupy the Bench, which was after 11 o'clock, he remarked that he had been engaged in Chambers with depositions of the Dorsetshire murder case, which was a matter of more importance, he said than dealing with 80 or more hawker cases.

No less than 80 hawkers had been arrested during the week-end in various districts, 66 in the Wanchai area and 20 in the West Point district. All were charged with either hawking without licence or causing obstruction.

They crowded the Court. Mr. Butters said he had no idea whether those who appeared were persistent hawkers as no records were kept by the police of arrests for hawking. He remarked that a lot of hard work had to be done by the Courts which achieved little or nothing.

Mr. Butters, when dealing with the hawkers said:

"I don't want to send them to gaol in default of a fine of \$5 but until some policy is formed to deal with the whole problem, I think it is futile to bring them into Court. As far as I can see, many old people from 60 to 70 years of age are often unable to obtain licences while many young people who are brought into Court usually appear to be able to obtain licences."

FIVE-YEAR-OLD GIRL SOLD

Two Married Women Sentenced

Sentences of one year's hard labour and six months' hard labour were passed by Mr. MacLayden at the Kowloon Court yesterday on two married women, Tsang Kuk and Lai Ho, in connection with the transfer of a five-year-old girl, Chan Fung, from first defendant to second defendant. First defendant was also charged with stealing the child.

Sgt. O'Donovan, prosecuting, said that the girl was reported missing on May 23. On May 31 information was received by the Police that led to the girl being found on a junk in the Yau-mat typhoon shelter.

From a description given by second defendant, first defendant, who had been detained on suspicion but released, was re-arrested.

It was stated that Tsang Kuk had sold the girl to Lai Ho for \$15.

BANISHEE TELLS COURT HIS VILLAGE BOMBED

Ng Yan, 26 year-old returned banishee, was sentenced yesterday to one year's imprisonment with hard labour by Mr. Barnett at the Kowloon Court on three charges of larceny of a silver wrist-watch, worth \$60, trespassing on Army property, and returning from banishment.

The wrist-watch is the property of Pte. Hancock, of the R.A.M.C., the theft being made from the Whitfield Barracks on June 12. As is usual in such cases now, the defendant pleaded the bombing of his village as his reason for returning from banishment.

In passing sentence, the Magistrate reminded him of the many other places in China where he could seek refuge.

RUSSIAN CHARGED

A Russian, N. L. Galkin, 27, was charged on two counts of breaches of the Passport Ordinance at the Central Court yesterday.

It was stated that the defendant was in the Chinese army in North China, and the section of the army to which he was attached was disbanded.

The defendant managed to get to Canton, and arrived here on Saturday.

Mr. Lockhart Smith made an expulsion order against the defendant on the first charge, and committed him to the House of Detention on the second.

TWO SOLDIERS GAOLED

Broke Window And Assaulted Taxi Driver

On charges of maliciously damaging a plate glass window in Johnson Road, failing to pay their fare and assaulting the taxi driver at Stubbs Road, John Corrigan, 21, and Peter Manderson, 19, privates in the 2nd Battalion Royal Scots pleaded guilty when they appeared before Mr. Butters at the Central Court yesterday.

The accused were sentenced to three months' imprisonment each on the first charge, \$25 or one month on the second, and two months' imprisonment each on the last count, sentences to run consecutively.

It was stated that both defendants hired the taxi from Arsenal Street about 11.30 p.m. on Saturday to the Peak tram station, and on arriving there had an argument about the charge for waiting. One of the men then struck the driver and they ran away.

About 4.15 on Sunday morning, Sergeant Ross was on patrol duty in Wanchai when the two defendants gave themselves up and showed him the showpiece window which they had broken. Three other windows had been broken in Queen's Road East, but the owner had refused to prosecute.

Lieut. A. C. F. Paterson said that neither man had a good army character, but both had been working well recently.

MOTOR SUMMONS DISMISSED

A summons against Ko Lam, a driver of the China Motor Bus Company, for driving without due care and caution, was dismissed by Mr. Butters at the Central Court yesterday on the ground that evidence given by the prosecution was weak.

Ko Lam was alleged to have knocked down a coolie, Ho Yiu, who was carrying a chair in a funeral procession, in Pokfulam on March 28.

Mr. M. A. da Silva appeared for the prosecution and Mr. R. M. M. King was for the defence.

In evidence, Ho Yiu said that he was one of four coolies engaged to carry a chair. He was walking on the left side of the road and was about two feet from the curb. When nearing the Pumping Station in Pokfulam Road he was knocked down by a vehicle and rendered unconscious. He heard no sound of any motor vehicle coming from behind him.

BETTER VALUE THAN EVER

The Gillette No. 77 Set illustrated here, which contains the latest Gillette razor, three Blue Gillette slotted blades and two blade holders in a new type of moulded box, has these definite advantages:

The razor is made in two pieces instead of three, as formerly, thus making it easier and quicker to clean, assemble and use.

The blades are made by the new electrical-tempering process. They give not only closer, cleaner shaves than you have ever had before, but also more shaves per blade.

The case is ideal for hot and humid climates as it is so easy to keep clean.

Ask your dealer to show you a No. 77 Set—one of the most popular that Gillette have ever made.

MIDDLE CLASSES AND MODERN CONDITIONS

"Rapidly Dying Out" Under Strain

Dr. Harris, senior physician of the Liverpool Heart Hospital, speaking at the annual meeting of the institution recently said that the treatment of high blood pressure which had been developed at the hospital materially prolonged the life of sufferers.

But prevention was better than cure and, in regard to food, the principal meal only should contain a substantial amount of animal food.

For other meals one should depend on fruit and vegetables and three pints of fluid should be taken a day, soft water being the ideal drink. Exercise should be taken and overweight avoided. If every middle-aged person lived up to these rules the incidence of high blood pressure and degenerative disease of the heart would decrease materially.

Dr. Harris went on to say: "The struggle and stress of our present economic conditions takes heavy toll of the lives of the middle classes. A middle-class man is crushed between the upper millstone of taxation and the nether one of a competition which ever becomes more keen. A State based on Socialism could not possibly impose on him greater burdens than he has to shoulder at present. He has to carry on or go under. The human machinery—blood and flesh—cannot stand up to such a strain. His heart, his bloodvessels, his brain, become prematurely worn out—prematurely aged."

STATE AT STAKE

"This matter does not merely concern the individual. The very existence of the State is at stake. The problem of how to prevent the decline in population is a pressing one. But what is not realised is that in breaking up a large estate or a large business a superior human strain, selected, segregated, preserved, of importance to the State, is lost."

"The middle classes are dying out rapidly. They die simply because it is impossible for them to survive under modern conditions. What we are really witnessing is

When Royal Dukes Go Shopping

A tall man, with a moustache and a military bearing, walked into a tobaccoist's shop in St. James's recently, waited his turn while other customers were served, and then bought a penny box of matches, writes a Home correspondent.

The girl assistant who served him was a newcomer. When he had thanked her, taken fivepence change, and left the girl turned to an older assistant with the remark "Wasn't he like the Duke of Gloucester?" to which the other girl replied, "You silly, it was the Duke of Gloucester."

Scenes like this are not uncommon these summer mornings in St. James's, where members of the Royal Family can often be seen walking about, unattended and almost unnoticed, doing little shopping errands for themselves.

DUKES STROLL TO BOND STREET

The Duke and Duchess of Gloucester, both of whom are fond of the simple life, are more frequently to be seen than most of the others, though the Duke of Kent sometimes parks his car in St. James's Square and strolls bareheaded up to Bond Street to buy some present for his wife or their children.

The Duchess of Gloucester has a reputation among the shopgirls in this neighbourhood of being one of their best customers to serve.

"She is a real lady. She always knows just what she wants, and always apologises for giving us trouble," was the comment of one girl who has waited on the Duchess a dozen times at a famous store in Piccadilly.

the agony of dissolution of a society based on feudal capitalism. If the present factors which are at work are allowed to continue a catastrophe, complete and overwhelming, is at hand.

"The whole economic life of the nation must be organised on a co-operative basis. I am convinced that if the ethics of Christianity were applied to everyday life European civilisation could be saved. In the future the main task of medicine will be to teach people how to live."

COMMISSIONERS' TRIBUTE TO FIRE BRIGADE CHIEF

Glowing tributes to the work of Mr. H. E. Stevens, former chief of the Fire Brigade, and praise for the "high state of efficiency" of the Brigade itself, were expressed at a recent meeting of the Commissioners in Singapore.

The Commissioners decided unanimously to write a letter to Mr. Stevens, who had retired from the service, conveying their appreciation of his service as former chief of the Fire Brigade.

Mr. E. A. Brown, in making the suggestion that the letter be written, recalled the days when the fire brigade in Singapore was a "joke". He remembered an instance of a fire which started at 3 o'clock in the afternoon and it took the fire brigade to reach the spot at 10 p.m.

He had occasion once, he said, to ring up for a fire engine to tackle a small grass fire in Grove Road. "It wasn't a serious fire," he admitted, "but the opportunity was there to see what would actually happen."

FOUR MINUTES

It took a fire engine only four minutes to reach the spot where the grass fire was raging, and considering that he had put his call in the first instance, to Central Fire Station which, in its turn, had to summon an engine from the Geylang Fire Station, he thought that the Brigade had done "a good piece of work."

Much of the improvement in the efficiency of the Fire Brigade was, he added, due to Mr. Stevens who had been in the service of the Municipality for over 25 years, and he thought that it would be a fitting gesture on the part of the Commissioners to write to Mr. Stevens expressing appreciation of his work.

In associating himself with the remarks made by Mr. Brown, Mr. Bartley, the Municipal President, related how he tested the efficiency of the Brigade on one occasion. He called at the Central Fire Station and, without the least warning, sounded the alarm.

Firemen immediately got busy, and according to his stop watch it took only 22 seconds for the first fire-engine to get out on the road. This, he said, reflected considerable credit on the efficiency of the force.

FOOT ITCH Athlete's Foot

According to the Government Health Bulletin No. E-28, at least 50% of the adult population of the United States are being attacked by the disease known as Athlete's Foot.

Usually the disease starts between the toes. Little watery blisters form, and the skin cracks and peels. After a while, the itching becomes intense, and you feel as though you would like to scratch off all the skin.

BEWARE OF IT SPREADING

Often the disease travels all over the bottom of the feet. The soles of your feet become red and swollen. The skin also cracks and peels, and the itching becomes worse and worse.

Get rid of this disease as quickly as possible, because it is very contagious and it may go to your hands or even to the under arm or crotch of the legs.

Most people who have Athlete's Foot have tried all kinds of remedies to cure it without success. Ordinary germicides, antiseptics, salve or ointments seldom do any good.

HERE'S HOW TO TREAT IT

The germ that causes the disease is known as Tinea Trichophyton. It buries itself deep in the tissues of the skin and is very hard to kill. A test made shows it takes 15 minutes of boiling to kill the germ; so you can see why ordinary remedies are unsuccessful.

H. F. was developed solely for the purpose of treating Athlete's Foot. It is a liquid that penetrates and dries quickly. You just paint the affected parts. It peels off the tissue of the skin where the germ breeds.

ITCHING STOPS IMMEDIATELY

As soon as you apply H. F. you will find that the itching is immediately relieved. You should paint the infected parts with H. F. night and morning until your feet are well. Usually this takes from three to ten days, although in severe cases it may take longer or in mild cases less time.

H. F. will leave the skin soft and smooth. You will marvel at the quick way it brings you relief, especially if you are one of those who have tried for years to get rid of Athlete's Foot without success.

"INSIDE NAZI GERMANY"

Dramatic News-Reel
Showing Today

DRAMATICALLY depicting the regimented lives led by Germans under the Hitler regime, the latest March of Time news-reel, "Inside Nazi Germany," will be shown today at the Queen's and Alhambra Theatres.

"Inside Nazi Germany" shows how, by incessant propaganda, the Germans are whipped up to a fanatical belief in the justice of Germany's claims for expansion and encouraged to persecute Jews and forsake the Church.

In addition to revealing present conditions of living in Germany, this picture shows measures taken in the United States to defeat the efforts of the Nazis to extend their influence throughout North America.

ARSENE LUPIN RETURNS

Arsene Lupin, that famous fictional character created by Maurice Le Blanc, is revived in "Arsene Lupin Returns," which is showing at the King's Theatre today. In this new mystery thriller the adventures of the famous gentleman jewel thief, who is supposed to be dead, are continued.

Melvyn Douglas, Virginia Bruce and Warren William share leading roles with John Halliday and Nat Pendleton also prominently cast. In the supporting cast are Monty Woolley, E. E. Clive and George Zucco. The picture was directed by George Fitzmaurice.

The story's action races at breathless speed from the Federal Bureau of Investigation in Washington and New York, to the haunts of crime in Paris.

DOUBLE DANGER

Excitement and romance abound on the screen of the Queen's Theatre today with "Double Danger," R.K.O. Radio's new mystery thriller.

Preston Foster and Whitney Bourne head the cast of this unusual offering, which presents the popular "gentleman burglar" theme in a brand-new form and with many unexpected complications. Instead of one of these suave persons in the film, there are two. One of them is Foster, ostensibly a novelist who conceals his light-fingered activities under the cloak of writing mystery stories. The other is Miss Bourne herself, a mysterious damsel who manages to steal the famous Konej diamonds and who in turn loses the priceless stones to Foster.

Foster and Miss Bourne turn in brilliant performances in roles that call for unusual swiftness and significance. Hinds as the persistent police official, Donald Meek, as a prominent jeweller, Paul Guilfoyle, Cecil Kellaway, Arthur Lake, June Johnson and other players acquit themselves finely under Lew Landers' direction.

CAFE METROPOLE A THRILLER OF ADVERTISING

A gay and lighthearted Continental romance, luxurious as orchids on emerald, smart as the Rue de la Paix, merry as the third glass of champagne, romantic as moonlight on the Seine, "Cafe Metropole" opens today at the Majestic Theatre with Loretta Young, Tyrone Power and Adolphe Menjou in the starring roles.

Against the background of gay Paris, and the Continent's most luxurious rendezvous, the screen's most exciting lovers play love's most exciting game, while which Menjou throws away the rule book and Gregory Ratoff, Charles Wininger and Helen Westley join in the fun.

The screen play of "Cafe Metropole," from an original story by Gregory Ratoff, was written by Jacques Derval, famed French playwright whose "Tovarich" is a sensational success on the New York stage. Darryl F. Zanuck, vice-president in charge of production at Twentieth Century-Fox, chose

Edward H. Griffith to direct, with Funnally Johnson associate producer.

"A WEALTH of HEALTH"

"I mean to express with all my heart that my Kalzana has given wonderful results in my little girl, who was ailing for some time," writes a grateful mother.

If your Child is ailing then give it Kalzana

If any of your children are delicate and irritable, suffer from delayed teething and weak bones, it is more than probable that a lack of minerals is the cause of the trouble.

Give your children Kalzana tablets or powder for a few weeks and you will soon see the difference in their health. It strengthens the cells of blood, body and nerves, increases the power of resistance and makes bones strong and teeth white and healthy.

Give Kalzana to the grown-up members of your family, and they, too, will enjoy continual good health.

Kalzana

THE MINERAL FOOD FOR BETTER HEALTH

Obtainable at all Chemists in tablet and powder form.

Kalzana Tablets are sold in bottles of 75 and 450. Kalzana is the most economical of all calcium preparations.

Czechoslovakia Elections

GOVERNMENT BLOC HAS INCREASED ITS MAJORITY

Prague, June 13. The result of the Czech elections to date may be summed up as follows: The Government bloc has greatly increased its majority, while the Sudeten Germans have maintained the same ratio of success in the German areas as in the previous two elections. In Slovakia, Father Hlinka's party failed to substantiate its boast to represent the nation. The party is not appreciably stronger than before the elections. It is significant that the Slovak Nationalists voted with the Government bloc. (Reuter).

SUDETEN GAINS

Prague, June 12. Today's elections in nearly 6,000 Czechoslovakian communes passed off without serious incident. There were only one or two minor clashes between Sudeten Germans and Czechs.

Partial results up to the present show gains for the Sudeten German Party while the German Social Democrats and Communists seem to have lost heavily everywhere, their supporters generally shrinking sixty or seventy per cent. (Reuter).

LARGE MAJORITIES

Berlin, June 12. In 904 out of the 1,948 Sudeten German districts of Czechoslovakia, the Sudeten German Party obtained all votes in the week-end elections, reports the German News Agency from Prague.

In the remaining German districts the Party obtained large majorities. In most cases over 90 per cent of the votes. (Reuter).

VOTES FOR HENLEIN

Prague, June 12. The Sudeten Germans claim that as a result of the three weekly elections, they have secured a total of 81 per cent of the votes of the German population. A Berlin message says that Herr Konrad Henlein has received 81 per cent of the votes in his home district of Ascher. (Reuter).

NAZIS TRY TO BLAME CZECHS

Berlin, June 12. An attack was made on Czechoslovakia by Herr Adolf Hitler's deputy, Herr Rudolf Hess, in the presence of the Fuehrer, in an address today to 500,000 people at Stettin.

Herr Hess said that it was apparent to all that in the first place Czechoslovakia was not in a position to maintain calm and order within its own frontier, or to protect the lives of its citizens.

Secondly, Czechoslovakia had become a source of danger to the peace of Europe when mobilisation was suddenly ordered without the slightest reason.

Europe and the world owe it solely to the Fuehrer that this dangerous game had not resulted in a catastrophe.

Herr Hess added that the last war was too recent in the minds of all nations to permit another contest to be lightly started. "We warn the rest of the world not to mistake Germany's love of peace for weakness," declared Herr Hess.

"Whoever thinks he can presume for long on this love of peace does not know the German people. One day he will have a dreadful awakening, when he finds acts of provocation have their answer." (Reuter).

FORMOSANS REPLACE CHINESE FARMERS IN SHANGHAI

Hankow, June 13. More than 2,000 Formosans arrived in Shanghai by Japanese transports a few days ago to replace Chinese farmers in Nanking, Chengtu, Tazang and other farming districts in the Shanghai area, according to a despatch from Shanghai.

All the Chinese farmers in these

SIR LEWIS DIBDIN AND DR. WILLIAM BONE, D.Sc.

London, June 12. The deaths have occurred of SIR LEWIS TONNA DIBDIN, Kt., K.C., D.C.L. (Hon. Durham), the eminent ecclesiastical lawyer, and DR. WILLIAM ARTHUR BONE, D.Sc., Ph. D., F.R.S., the authority on chemical technology. The latter was Emeritus Professor of Chemical Technology at the Imperial College of Science and Technology and in London University, and Research Director of the Bone Research Association.

Sir Lewis Dibdin was 84 years of age and Dr. Bone was in his 67th year. (Reuter).

Born on July 19, 1852, the third son of the Rev. Robert W. Dibdin, Sir Lewis was educated at St. John's College, Cambridge and was Senior Optime in 1874. In 1876 he became a barrister of Lincoln's Inn and was appointed King's Counsel two years later.

Sir Lewis Dibdin was Chancellor of the Diocese of Rochester from 1886 to 1903, of Exeter from 1888, to 1903, and of Durham from 1891 to 1903.

From 1895 to 1903 he was counsel to the Attorney-General in charity matters, and from 1903 to 1934, Sir Lewis was Dean of the Archdeaconry of the Chancery Court of York, and Master of the Faculties.

From 1925 to 1934 he was Vicar-General of the Province of Canterbury and from 1905 to 1931 was the First Church Estates Commissioner. He was a Member of the Royal Commission on Church Discipline (1904-1906), and on Divorce, 1909-1912.

In 1881, Sir Lewis married Marianne Aubrey, daughter of the Rev. H. S. Pinder. They have three sons and two daughters. Lady Dibdin died in 1927. Sir Lewis was knighted in 1903.

His publications include Church Courts, 1881; City Livery Companies, 1888; Brewer's Endowment and Establishment (second edition), 1888; Monasticism in England, 1890; Hanson's Death Duties (fourth edition), 1897; English Church Law and Divorce, 1912; History of the Ecclesiastical Commission, 1912; and Establishment in England, 1932.

DR. W. A. BONE

Dr. William Arthur Bone, the son of Mr. and Mrs. Christopher Bone, was born on March 19, 1871, and was educated at The Friends' School, Ackworth; Middlesbrough High School; the Stockton Grammar School, and the Leys School, Cambridge.

He graduated in the Honours School of Chemistry at the Victoria University, Manchester, in 1891, obtaining the Mercer Scholarship and Le Blanc medal in metallurgy. He was elected Berkeley Fellow of Owens College and Fellow of Victoria University in 1892.

Subsequently he studied at the University of Heidelberg under the late Professor Victor Meyer and in 1896 was appointed Head of the Chemical Department at the Battersea Polytechnic, London.

FIRST LIVESLEY PROFESSOR

Dr. Bone was lecturer in chemistry and metallurgy at Owens College, Manchester, from 1898 to 1905, after which he became Professor of Applied Chemistry and First Livesley Professor of Coal Gas and Fuel Industries at Leeds University where he remained until 1912.

From 1912 to 1936, Dr. Bone was Chief Professor and Head of the Department of Chemical Technology at the Imperial College of Science and Technology, and London University. He was elected a Fellow of the Chemical Society in 1893.

Dr. Bone was an Honorary Member of the Institution of Gas Engineers, of the American Gas Institute, of the Institute of Fuel, and of the Iron and Steel Institute.

DISTINCTIONS

Among the many distinctions awarded Dr. Bone were:—Howard Potts gold medal by the Franklin Institute, Philadelphia, for his scientific discoveries and inventions in surface combustion, 1913;

Medallist of the Royal Society of Arts, for his work upon brown coals and lignites;

Melchett medallist of the Institute of Fuel;

Medallist of the Society of Chemical Industry;

places, it is learned, will be driven away.

It will be remembered that large numbers of Chinese farmers were driven from their homes in the Rubicon Village area in western Shanghai last month and replaced by about 4,500 Formosans. (Central News).

KOLYNOS

makes teeth gleam like polished jewels

You will find there is nothing like Kolynos that acts so quickly and safely to make dull stained teeth white and brilliant.

Its surging, invigorating foam reaches every pit and crevice. It removes ugly stains and destroys dangerous mouth germs that cause tooth decay.

Try Kolynos—its clean, cool taste is delightfully refreshing. It is most economical too—because you use only half as much as ordinary toothpastes. One-half inch on a dry brush is enough.

Population Of Hong Kong

INCREASED BY 75,000

From January 1 to June 6 this year the excess in the numbers of persons arriving in the Colony over those of persons departing, inclusive of the normal increase of population due to this cause, was approximately 75,000.

This information is disclosed in a letter from the Colonial Secretary to the Daily Press.

The letter discounts the recent publication of conflicting statements as to the numbers of refugees in the Colony, and states that for many years there has been considerable annual growth of population due to an excess in the numbers of persons arriving over those of persons departing.

During 1937 the excess in these numbers was approximately 100,000 above the annual average excess.

Arrangements have been made to keep a complete daily record of the numbers of persons arriving in and departing from the Colony by rail and steamer. These will be available for inspection at the Colonial Secretary's Office one week after the day to which they relate.

Correct information on this and other points, so far as it is available, will be given in response to inquiries.

ANTI-CHOLERA INOCULATION

Owing to the demand for anti-cholera inoculation being so great, the Director of Medical Services finds it necessary to ask members of the Non-Chinese community, who do not retain the services of a private registered medical practitioner, to co-operate by attending at the Queen Mary or Kowloon Hospitals between the hours of 9 and 10.30 a.m. or 5 and 6 p.m. daily, for inoculation. They are asked not to attend at the other inoculation centres as announced in the Press, over the broadcasting system and by posters.

\$200,000 FOR REFUGEES

Hankow, June 13. Dr. H. H. Kung, President of the Executive Yuan and Minister of Finance, has appropriated another \$200,000 for the relief of refugees from eastern and northern Honan.—(Central News).

HEALTH RETURNS

No further cases of cholera were reported during the 24 hours ending midnight Sunday, and the total remains at 14. During the week-end, there were three new cases of small-pox bringing the aggregate to 2303 for 1938.

During the week-end, the health authorities notified nine further cases of dysentery, five of measles, three of enteric fever and one of meningitis.

R.M.A. DAEDALUS

The R.M.S. Daedalus left Kai Tak at 6 a.m. yesterday for Penang carrying a passenger from Hong Kong for Calcutta, 201.842 kilos of mail and 15,114 kilos freight.

An intruder broke into the thatched belonging to Mr. J. T. Bagan at Repulse Bay on Sunday, drank half a bottle of brandy, and half a bottle of French brandy, before decamping.

DEATH OF MR. HUNG TSZE-YEE

Vast Knowledge Of West River Conditions

It is with profound regret that we record the death of Mr. Hung Tsze-yee, the Managing Director of Sang Wo Co. (West River Steamers) and Head of the Chinese Department of the Hong Kong, Canton and Macao Steamboat Co. Ltd.

The deceased went to the Office as usual yesterday morning but collapsed suddenly on arrival and passed away peacefully.

He is survived by three sons, Mr. Walter Hung, who assists his father both in the Sang Wo Co. and the Steamboat Co., Mr. Hung Man-chiu, who is a present student in the London University, and Mr. Hung Mo-chiu, who is on the staff of the Union Trading Co.

The late Mr. Hung also left behind two daughters, Mrs. Shai-lai, wife of Major Ho Shai-lai, son of Sir Robert Ho Tung, and Mrs. Phyllis Jorge. To them as well as to Mrs. Hung Tsze-yee, the deepest sympathy will be extended.

Of a quiet and retiring disposition, the late Mr. Hung was a scholar of the true ancient Chinese type. His knowledge of Chinese Literature and Classics was profound. For several decades he had been engaged in the West River trade and his knowledge of West River conditions was second to none in Hong Kong.

Funeral arrangements will be announced in due course.

FUNERAL OF PAUL PEREIRA

The funeral took place at the Roman Catholic Cemetery yesterday of Mr. and Mrs. R. A. Pereira who died at the Kowloon Hospital after a short illness. The Rev. Fr. Fung officiated at the graveside.

Floral tributes, besides family ones, were sent by the following:—

Dr. A. M. Rodrigues, Mr. Young Shuk-ping, Pang Kwok-kwan, Lawrence K. Li, Mr. E. H. Carvalho, Mrs. J. M. de Menezes, Mr. and Mrs. J. Ring, Mr. and Mrs. H. M. F. Xavier, Mr. and Mrs. C. A. C. Rodrigues and family, Class 3C, St. Joseph's College, the Director and Staff of St. Joseph's College.

FORTHCOMING MARRIAGES

The following forthcoming marriages are announced:—

Paul, Byland, commercial employee, of No. 180, Juan Luna, Manila P.I., and Miss Edna Madge Hill, en route to the Colony aboard the s.s. Barpedon; Edward Louis Harris, commercial agent, of No. 177, Jaffe Road second floor, and Miss Molly Irene Ho, of same address;

Tsui Tak-cheung, salesman, of No. 81, Kallang Street, ground floor, Shamshuipo, and Miss Lam Pui-wah, of No. 139, Nanchang Street, first floor, Shamshuipo.

COOLIE DEAD

The death of a shop coolie, Ping Ling, 25, who was alleged to have been assaulted by ten Chinese on board the s.s. Tsinan at 12.45 a.m. on Sunday morning, has been reported to the Police.

The coolie was set upon on board the vessel when it was anchored at No. 3 buoy. He was removed to the Queen Mary Hospital with internal injuries, and died.

Miss C. Lam of Matawai Road, has reported to the police the loss of a wrist watch and a ring, valued at \$95.

Wedding At St. John's Cathedral

POLICE OFFICER MARRIED

DAVIES-KINGDON

St. John's Cathedral was the scene of a pretty wedding yesterday afternoon between Mr. Ridyrd Davies, of the Hong Kong Police Force, and Miss Alice Jean Kingdon, daughter of Mr. C. J. Kingdon, The Very Rev. J. L. Wilson, Dean of the Cathedral, and Archdeacon of Hong Kong, officiated at the ceremony.

The bride, who was given away by her father, looked charming in a dress of white moire taffeta cut in Victorian style and a short tulle veil held in place by a small spray of orange blossom. Her bouquet was of white gladioli.

In attendance as bridesmaids were Miss Wenche Krogh-Moe and Miss Astrid Hansen whose dresses were of sky blue net over silk taffeta. They wore hair bands of tiny pink and red flowers and carried posies of pink and blue hydrangeas.

The maid of honour was Miss Joyce Shaw who wore a dress of white net over silk taffeta trimmed with pink and blue rosebuds. Her hat was of white chiffon and straw trimmed with roses. Her bouquet was of pink gladioli.

Master Per Krogh-Moe, as page boy, was attired in a smart sailor suit.

The duties of best man were discharged by Mr. Frederick Nolan.

After the ceremony a reception was held at the Gloucester Hotel where many friends gathered to offer their felicitations to the happy couple.

Mr. and Mrs. Ridyrd Davies later left for their honeymoon which is being spent at Cheung Chow, the bride's going-away dress being of sky blue chiffon with white picture hat and accessories.

MRS. E. KELLA HURT

Mrs. E. Kella of Mody House, was admitted to the Kowloon Hospital on Sunday suffering from slight concussion.

It appears that Mrs. Kella was shopping in Shanghai Street when a sharp shower of rain fell. She turned quickly to return to lower the windows of her car, when she slipped, and her head hit the kerbstone.

LOCAL ESTATE

An application by Chan Cheung-shi, widow, for grant of probate of the letters of administration to the estate of Chan Wai-fun, laundry manager, who died on September 2, 1937 at Lokmachau, New Territories, has been granted. The value of the estate was \$9,100.

FORGOTTEN COUNTRIES THEORETICALLY AT WAR

A Turk who has just been made a prisoner of war — has reminded Europe's diplomats of the Continent's two "forgotten conflicts."

For, they have discovered the "pocket States" of Lichtenstein and San Marino are still theoretically at war with Germany and Turkey respectively.

And while San Marino and Turkey will probably sign peace formalities soon, Lichtenstein is fearing that her "war" may be ended by annexation to Germany.

San Marino, a tiny Republic in the heart of the Apennines, declared war on Turkey in 1915, when Italy did.

Recently there arrived in her territory M. Ishmael Galejian, the first Turkish visitor since then.

He was promptly put into gaol and his passport confiscated, but he was freed after two days by the Italian Consul.

TAX EVASION

The reason? San Marino, forgotten at Versailles, has never signed a peace treaty with Turkey, and M. Galejian has gone home to tell his Government about it. Lichtenstein, tucked into a corner between Austria and Switzerland, went to war against Prussia with Austria in 1866 and never signed the peace treaty.

Now that Germany has seized Austria, the little State is thoroughly frightened about its ambiguous position, especially since its territory has been used by German subjects to evade their home taxation.

Moreover, writes a Daily Herald correspondent, admirers of Hitler in Lichtenstein have been to Berlin to ask for an extension of the Anschluss to their country.

Should Germany act, however, she would involve Switzerland, which has a Customs and money treaty with Lichtenstein and represents the Principality abroad with her diplomats.

CHINESE EVACUATE SAN TSAO ISLAND

Shanghai, June 13. To avoid oppression and military construction work, all residents in San Tsao Island, opposite Chungshan county, have evacuated for the mainland, according to fishermen arriving here today.

Apart from Japanese bluejackets, garrisoning the island, the other inhabitants are people from Formosa and Shanghai doing contracting work for the Japanese.

Kao Lan Island, which is near to San Tsao Island, was evacuated by Japanese bluejackets some time ago. Several homes are left to guard the island, but at night they remain aboard the armed trawlers for fear of sudden Chinese attacks.—(International)

**JAPAN AND A
DEADLOCK**

FREQUENT reference is made by Prince Konoye, the Japanese Premier, and other Cabinet Ministers, to the "satisfactory progress" being made with Japan's campaign to "chastise and suppress" the Chinese Government, headed by Generalissimo Chiang Kai-shek, and thereby "stabilise" peace in East Asia.

The Japanese people, however, for a long time past have not been convinced that the war has been progressing quite according to plan, and when Prince Konoye takes the trouble to explain in a Press interview that the "seeming deadlock" in the military situation has been described abroad "in a very exaggerated manner," it is evident that he in turn is rather anxious about the reaction produced in Japan by such foreign reports.

Even the Japanese Premier cannot deny, as he would wish, that something which "seems" like a deadlock did occur; that the advance of the Japanese forces toward Hsuehchow, and in the general direction of Hankow, was held up for well over two months.

A Memorial Service will be held at the Moore Memorial Church, 318 Yu Ya Ching Road, on Tuesday, June 14, 1938, at 3 p.m. (It was the expressed wish of the deceased that in lieu of flowers and other tokens of sympathy donations should be sent to the United Christian Charities, Moore Memorial Church, for the relief of war refugees).

**QUEEN'S
WESTMINSTERS
AND TOC H****Memorial Tablet
At Poperinghe**

In memory of officers and men of the Queen's Westminster Rifles who fell in the War a tablet was unveiled recently at Talbot House, Poperinghe, by the Rev. P. B. Clayton (Founder Padre of Toc H) in the presence of a large party of past and present members of the regiment.

The association between the Queen's Westminster Rifles and Talbot House was particularly close during the War. In December, 1915, soon after the establishment of Talbot House, it became customary for one company of the regiment to be billeted in rotation next door.

The Westminster adopted Talbot House as their own. Their machine-gunners were the prime movers in the transformation of the big hay loft into the chapel, being quick to grasp its artistic possibilities.

They were also responsible for fixing up the altar hangings sent by the Bishop of Winchester (Gilbert Talbot's father) from the private chapel at Southwick.

It was a signaller of the Westminster who made the first sketch of the finished chapel.

FLYING BOAT
RECORD**

Alexandria, June 12.

What is believed to be a second new record for Royal Air Force flying-boats, was established today by the Short Sunderland machine which had previously made a record flight of 1,200 miles from Gibraltar to Malta in six and three-quarter hours.

The machine arrived at Alexandria from Malta having covered the distance of about 950 miles in 5 hours 15 minutes. (Reuter).

**IMPERIAL AIRWAYS PLANE
MISHAP**

Sima, June 12.

The Imperial Airways flying-boat, Ceres, en route to Singapore, which left Karachi for Gwalior this morning, was forced to alight owing to bad weather, and at present is in the shallow water of Lake Dingeri, in the Tonk State. The plane is not damaged, and the number of passengers aboard is at present unknown. (Reuter).

**NEW AIR MAIL
SERVICE**

London, June 12.

The Air Ministry announces that the last section of the new Empire Flying Boat Route from England to Australia will be inaugurated on July 2 when the first Quantas Empire Airways flying boat will leave Singapore for Sydney. It will arrive in Sydney on July 5.

At first only surcharge mail will be carried but within a few weeks the "All up" mail to Australia will be entrusted to this service, so completing the Empire air mail scheme from England to Australia. (Reuter).

Donations**

Mr. Tu Yueh-sheng, Vice-President of the Chinese Red Cross Society, has donated \$10,000 for the relief of the Canton victims of Japanese air raids.

Another sum of \$50,000 has been remitted by the Overseas Chinese Relief Association in Batavia, more than 700 cases of medicine have been sent to Canton by the Chinese Red Cross Society, says the Central News.

\$1,000,000 CONTRIBUTIONS

About \$1,000,000 for the relief of the wounded have been received by the Hong Kong branch of the Chinese Red Cross Society since the outbreak of the war, according to the latest estimate.

In addition, 10,000 cases of medicine and surgical supplies valued at more than \$3,000,000 have been sent to the interior by the local C.R.C.S. during the past six months.

It is learned that the Chinese Red Cross Committee at Menado, Celebes Island, in the Dutch East Indies, has remitted \$211,320 to China. The same committee has also sent \$14,400 for the maintenance of a Red Cross unit for one year, according to the Central News.

PRINCE KONOYE and others had to deny most emphatically that there was any dissension in the Cabinet, yet a week or two later came the reshuffle, with a General taking the place of Mr. Hirota as Foreign Minister, another General (and a fire-eater at that), as Minister of Education (I), and a new Finance Minister to see what can be done to avoid economic disaster following Japan's aggressive policy in China.

Prince Konoye, with Generals and Admirals holding all the key positions in his reconstituted Cabinet, must of necessity pretend that all is going well, but he, better than anyone, knows of the deep dis-

satisfaction prevailing among his countrymen as they wonder why, if Japan has scored so many overwhelming victories, China is still on her feet and not on her knees, and for two months was able to block the advance of Japanese troops who were officially declared invincible.

Japan's bluff has been called and the world sees that it is only a matter of time before the invaders will be driven from the land.

**"AFTER-LIFE
DREAM
EXISTENCE"****Everyone Lives
After Death**

A distinguished American scientist had died. His widow, grief-stricken, wrote to Mr. J. W. Dunne, known throughout the world as the "man who plays with time."

"Is there hope of reunions with loved ones after death?" she asked the author of "An Experiment with Time." He replied "Yes."

And to millions who are asking the same question he gives the answer in "The New Immortality," a book which he completed at his Bournemouth home last week.

Following the widow's letter, Dunne began extensive experiments to obtain irrefutable proof of human immortality. These experiments are explained in "The New Immortality," which is expected to create a sensation when published in July or August. Dunne was the first man in Britain to design and fly a military aeroplane. With H. G. Wells, he used to experiment with model aeroplanes in his back garden.

BIGGEST MYSTERY

Scientific experiment led Dunne to explore the biggest mystery of the world—those of time, life and death.

In a quiet, matter-of-fact way he spoke to me of his scientific proofs of immortality.

"I think," he said, "that people will be greatly relieved to know that there really is a future life."

"At present many people do not believe in immortality, and as a result they are despondent, sad, even suffering from suppressed neurosis."

"Proof of immortality will bring new hope and happiness to mankind."

"Materialism—all that is associated with the accumulation of wealth—would vanish. There would be no place for war."

I asked Dunne to tell me something of his new discoveries. "What happens when one dies?" I inquired.

According to Dunne, you enter into a dream state on death. You continue to live in a dream.

DREAM SECRETS

This may not sound very exciting until you know something about Dunne's researches into dreams. The dream world, says Dunne, is more real than the physical world.

"In the dream world after death," he declared, "man will be able to see what we call 'past' experiences in any order he pleases. He will be able to blend them together and create new stories and new adventures."

"Let me give a simple illustration. 'My small son is found of playing on my typewriter, knocking out individual letters on the keyboard.'

"I, being a little more proficient, can type out complete words and sentences, such as: 'Now is the time, for all good men to rally to the party.'

"So with our dream existence after death. We will be able to blend our dreams like words into a complex pattern."

"In dreams we will renew our friendships we knew on earth, have the companionship of the animals we loved. For animals will have the same immortality as mankind."

"So with flowers. The rose that has once bloomed, blooms forever."

YOUR OWN TEST

There is no doubt, he said, that all our minds are part of one Great Supermind, acting as controller of our individual creative abilities.

The man in the street will be able to test how far Dunne is right by examining his own dreams.

At the moment of waking you may remember something of what you have dreamed a fraction of a second before.

With practice, says Dunne, you will be able to write for an hour to two hours recording all you remember.

You may observe that in your dreams past, present, and future experiences are blended. Things of which you dream come true."

Five hundred Formosan buffaloes have reportedly arrived to assist 1,000 Formosan youths, who recently began farming in the lower Yangtze Valley. It is said that one batch of Formosans, under semi-military discipline, is operating a new 1,750-acre farm at an undisclosed point in Central China.

**BRITAIN'S WORK
FOR PEACE
SIR JOHN SIMON'S
VIEW**

Sir John Simon, Chancellor of the Exchequer, was the chief speaker recently at a National Government demonstration, which drew a large crowd from all parts of Lincolnshire to Lord Henshaws' seat, Hainton Hall.

In the international field, he said, this had been a year of great anxiety and difficulty, and in nothing had Mr. Chamberlain's leadership been more marked than in the resolute and positive efforts that he had made to reduce the tension and to promote peace.

After months of patient negotiation the agreement reached with Italy removed many causes of friction and was recognised all over the world to be a contribution to peace.

This agreement did not involve any approval of Italy's invasion of Abyssinia, and it no more implied that Mr. Chamberlain had any sympathy with Fascism than it implied that Signor Mussolini had any sympathy with democracy.

"The way to peace is not to be found by ranging the nations of the world in two opposing teams, determined to resist one another to the death," Sir John added.

"It is to be found by seeking out causes of quarrel and misunderstanding and trying to remove them, and that is the course which the Prime Minister has been taking."

"If we had followed the sort of advice that has been tendered to us from time to time in recent years by an irresponsible Opposition we might well have landed the country by this time in war with three great Powers, and that at a time when our previous policy of unilateral disarmament left us far weaker than we are today."

**REARMAMENT NOT MIS-
UNDERSTOOD**

On the question of international policy Sir John said: "For my part, I repudiate altogether the outlook which says that war is inevitable, that certain countries are bound to be our enemies, that all we have to do is to try to keep them as powerless and weak as we can. I would rather hold to the view that if we do our utmost to remove causes that might lead to war and tried to meet in a fair spirit the difficulties that arise from whatever quarter they come war is not inevitable, and the influence of Britain should be thrown on the side of peace."

Our rearmament raises no distrust in other nations because all the world knows that our arms will never be used for any aggressive purpose, and that Britain is making herself strong in order that she may be a safe friend of peace. By conducting our policy in this spirit Britain has the best opportunity of being a peace-maker."

Turning to domestic affairs, he said it was high time that the fact was proclaimed and appreciated that the National Government in the last half-dozen years had done more in the realm of social reform and domestic improvement than any Government which had ever existed in this country. In this year's Budget, in spite of all the other burdens we had to bear, we were providing from revenue £50,000,000 a year more for social services than had been so provided when the Labour Government left office."

**PRINCESS
ELIZABETH
DISAPPOINTED**

Princess Elizabeth is disappointed. She learned of the agitation that is being raised by the children of France that the King and Queen should take her with them to Paris.

Thrilled with this discovery the Princess marched off to see her mother and father about it, firmly convinced that it would never do to disappoint the French children. But she came away very disappointed.

The King told her that it was out of the question, and Princess Elizabeth, in spite of the rumours, is not going to France. One of the chief reasons for this is that in the opinion of the King and Queen, Princess Elizabeth is far too young to take an intelligent part in a State visit.

To console her, Princess Elizabeth has been given a huge map of France, and another of Paris, showing every inch of the Royal routes. These maps are replicas of those used by the British and

**Confidence
Returning
To Canton****REFUGEE EXODUS
DECLINES**

(From Our Own Correspondent)

Canton, June 13.

Depreciation of the Canton dollar is expected to come to a halt as the exodus of refugees to Hong Kong is on the decline. The heavy demand caused by the Hong Kong regulation that refugees must possess at least \$20 contributed in a large degree to the rise of Hong Kong currency. The present value is about \$235 (Canton).

There is a gradual restoration of confidence here, and it is reported that the air defence of the city has been improved. It is also said that many fighting planes have arrived in Canton.

Many shops remain closed owing to lack of business, especially in the devastated areas but the authorities are endeavouring to persuade shopkeepers to resume, as disruption of the business life of this city was also one of the objects of the Japanese bombings.

GIFT FOR THE PRINCESSES

When the King and Queen visit Paris they will receive a tea service which is now being made at the famous national porcelain manufacturing factories at Sevres.

The tea service is for one Princesses Elizabeth and Margaret Rose. It is intended for their nursery. The porcelain will be decorated with a floral design painted on the various pieces.

During an official reception in Paris the French Government will also present the King and Queen with a dinner service of the finest Sevres china.

It will be designed for use in a hunting lodge, and thus will be decorated with hunting scenes.

The plates are white with a small band of green and red on the edge. On these two bands are the hunting scenes, all done by hand, and said to be of remarkable workmanship.

CHINA'S WAR TROPHIES ON DISPLAY

INTERESTING ARTICLES SHOWN AT WUCHANG

JAPANESE EMPEROR'S GIFT OF CIGARETTES INCLUDED IN BOOTY

Hankow, June 13.
Chinese forces captured 22,588 war trophies and destroyed 3,051 pieces of Japanese armaments on various fronts between July 7, 1937—the date of the Lukouchiao Incident—and April 30, 1938, according to official figures.

Included in this war booty are 21,401 rifles, 1,237 machine-guns, 161 trench mortars, 40 guns and 85 tanks, while Japanese armaments destroyed include 381 trench mortars, 149 guns, 246 tanks, 2,229 trucks and 46 anti-aircraft guns.

A portion of the spoils of war are displayed at the Wuchang Chamber of Commerce.

Entering the main gate of the building, attention is attracted to a six-cylinder motor and spare parts of a wrecked Japanese tank manufactured by the Mitsubishi Machinery Works.

On the other side is a 7-centimeter gun of the 92 type used by the Japanese infantry, which was captured by the Chinese on April 4 at Talerchwang. There is also a 7.5-centimeter gun of the 94 type belonging to the 79th Japanese Brigade of the 27th Japanese Division. This was seized on October 15, 1937, at Nianquokwan, strategic pass to east Shansi. Both guns are intact.

THREE PARACHUTES

Three Japanese parachutes, made of heavy Japanese silk, attract considerable attention. They are in perfect shape. Nearby is hung a Japanese aviator's fur-lined uniform, complete with helmet. One aeroplane wing, with the Rising Sun insignia prominently displayed, rests behind the two guns.

Japanese machine-guns and tank guns comprise the second part of the exhibition. There is a 6.5-centimeter tank machine-gun of the 91 type which was left at Talerchwang on April 7. With this are two 5.7-centimeter tank guns of the 90 type which were made in 1930, and a 13.2-centimeter anti-aircraft machine-gun manufactured by Hotchkiss, Paris.

EMPEROR'S CIGARETTES

Among the trophies on display in the inner courtyard are a profuse collection of charms, thousand-stitched bags and Rising Sun flags. Standing among these is an 8-inch idol.

In the inner room are a number of diaries kept by Japanese soldiers. Shells of all descriptions are placed at one end of the room. There is also on view a case of cigarettes conferred by the Japanese Emperor to high Japanese officers.—(Central News).

FURTHER QUAKES IN BELGIUM

Two Minor Shocks Registered

Brussels, June 13.
Two further earthquakes were registered in Belgium today. The first occurred at 3.46 a.m. and lasted for seven seconds, and the second, occurring eleven minutes later, lasted only two seconds.

These tremors were much weaker than those on Saturday and Sunday. No material damage was reported.—(Transocean).

TERRORISM SWEEPS SHANGHAI

FIVE BOMB OUTRAGES

Shanghai, June 13.
Terrorists were very active in Shanghai yesterday.

Five bomb outrages occurred in different parts of the town as a result of which three Chinese pedestrians and one Japanese were injured.—(Transocean).

Central News reports the five bombing outrages occurred in less than three hours in several of the busiest sectors of Shanghai.

The first occurred at 7 p.m. when a hand-grenade was thrown by an unknown miscreant in front of the China Native Products Emporium on Nanking Road. Two salesmen were injured.

POLICEMAN HURT

Half an hour later, a man hurled a bomb near a broadcasting station in the corner of Yates Road and Avenue Foch, which forms a boundary between the International Settlement and the French Concession. A policeman was hurt but the terrorist made good his escape.

At 7.50 p.m. a hand-grenade exploded near Avenue Road, but did not cause any casualties.

Shortly after 9 o'clock, a "potato masher" was discovered in front of the Strand Theatre, Ningpo Road. The missile was taken to the police station for investigation. As a climax to the bombing incidents of the day, two Japanese were placed in custody by the police authorities for throwing bombs near the Nanking and Szechuen Roads corner at 9.45 p.m.—(Central News).

JAPAN RESENTS OPIUM TRADE ACCUSATION

Outburst At Geneva Meeting

Geneva, June 13.
A sharp Sino-Japanese passage of arms developed at a meeting here today of the Anti-Opium Commission.

Notwithstanding the Chairman's previous reminder of the technical character of the Commission, stating that no political discussion would be allowed, the Japanese delegate, Mr. Aman, in the course of his speech protested against the accusation that Japan had encouraged the narcotics traffic in China.

He threatened to withdraw unless an examination of the situation was carried out with strict impartiality.

He finally accused China of the responsibility for the traffic. Mr. Victor Hoo, the Chinese delegate, in reply accused the Japanese militarists and Japanese consulates of fostering the drug trade in China and declared that Japan was systematically seeking to poison the Chinese people.—(Reuters).

SOVIET-EGYPTIAN TRADE TREATY

JAPANESE LANDINGS ON YANGTSE REPULSED

Chinese Fight Desperately In Torrential Rain

Tsingyang, Anhwei, June 13.
Japanese landings on the south bank of the Yangtse River above Kweichow have been repulsed by the Chinese, according to urgent military advices from the front.

Three batches of Japanese troops landed at Wushacha, Liyangho and Chienkiangkow yesterday morning. Toward evening, with the arrival of reinforcements, the Chinese fiercely counter-attacked the Japanese and, braving torrential rain, pressed on vigorously.

The Japanese at Chienkiangkow were totally overcome. They withdrew pell-mell, abandoning between 300 and 400 dead and wounded on the river bank. The majority of those who had landed at Wushacha and Liyangho were annihilated, while the rest are being "mopped up."—(Central News).

CLAIM CAPTURE OF ANKING

Shanghai, June 13.
The Japanese forces entered Anking at 9 p.m. on Sunday night, according to a Japanese Army communique issued at noon today. The communique stated that a landing was effected on Sunday at a point east of Anking with the close assistance of the Navy and the Air Force.

Following the landing, Japanese troops advanced east and north-east and smashed the Chinese defences around Anking.

Tungcheng, 60 kilometres north of Anking, was occupied today by Japanese troops proceeding southward from Hsuei. It was also claimed.—(Reuters).

SEVERE FIGHTING

Hankow, June 13.
Severe fighting is progressing on the north and south banks of the Yangtse River near Anking following the landing of Japanese troops. An urgent telephone message from Anking says that the Japanese are being driven back to their ships.—(Reuters).

NEW ZEALAND AUTHORESS MISSING

Nanking, June 13.
Acting on the request of the New Zealand Government, the British Consul-General in Hankow is endeavouring to trace the whereabouts of Miss Iris Wilkinson, the New Zealand writer who has not been heard of for the past month.

The acting Consul-General, Mr. Whitmore, is getting into touch with Dr. Hankey, of Chengchow, and several other mission stations requesting information regarding the missing woman.

No fresh news of Miss Wilkinson can be obtained in Hankow where it is hoped she may have taken refuge with missionaries at Hanchow when the city was attacked by the Japanese.—(Reuters).

AUSTRALIA FOLLOWS-ON

(Continued from Page 1)

London, June 13.
The weather forecast is fair with light northerly winds with average or less temperature. The wicket is showing signs of wear and will probably take considerable spin though on Saturday even Fleetwood-Smith was not able to make the ball turn. The match is by no means finished, the Australians having been fortified by the rest over the week-end.

Glorious weather and a cloudless sky greeted the players when the match was resumed. Stan McCabe (19) and F. A. Ward (6), the not outs, resumed the innings for Australia but it is problematical whether the wicket will last. If it cracks Australia will have a very difficult job against the English spin bowlers.

QUICK SUCCESSES

England's bowlers met with quick successes. Kenneth Farnes was "hostile" while Sinfield, Wright, Verity and Hammond all bowled a very good length, backed up by splendid fielding.

Ward was bowled by the second ball of Farnes' second over—a very fine-lengthed delivery that came off very quickly. The total now stood at 114 for 4 and Australia's supporters held their breath when A. L. Hassett, who had filled the breach, almost played on to the second ball he received.

FINE SLIP CATCH

More success for England was to follow for in the next over Hassett was caught by Hammond, fielding at first slip, off Wright. With the score board showing 151-5-1, Badcock, looked upon as a very dangerous bat, joined McCabe who by now had settled down to play brilliant cricket. His driving and pulling was flawless and he hit Farnes for a six to reach his 52. Fifty minutes later he was given a tremendous ovation when he reached his century—thus becoming the first Australian to reach three figures in the present series.

Then Hammond had an inspiration: He put on Wright at the Pavilion end. Badcock was caught between two minds—attempted the "chop" stroke only to see his off stump hit by the ball. He had scored nine runs and the total was 194 for 6. B. A. Barnett was next man in. He played careful cricket and runs came slowly and with the total at 251 for 6 a stop was made for lunch. McCabe had by this time collected 105 and Barnett's contribution was 20.

BARNETT OUT

As is so often the case the luncheon interval proved an excellent change bowler for England. When play was resumed Farnes had two deliveries with the old ball and then used the new one and off the first ball had the satisfaction to see Barnett caught by Wright at cover—263-7-22.

Barnett had played an invaluable innings and during his stay of 53 minutes at the wicket had helped McCabe to put on 89 runs. O'Reilly, the next man, did not score many runs—only nine—but he did not leave till the total reached 315. Most of the scoring was done by McCabe and in 25 minutes the batsmen had added 56 to the total.

FARNES PUNISHED

Hammond varied his length at this stage and Farnes later lost his accuracy and direction. As a result he was punished by McCabe who sent the ball to the ropes three times in an over. With his own score at 123 McCabe had a lift when Edrich, fielding at square-leg, failed to hold a catch.

McCormick, who had come in after O'Reilly, did not stay long, being out for only two—334 for 9. Fleetwood-Smith, joined McCabe and the newcomers was satisfied to leave the scoring to McCabe who played a grand innings for 232—his highest Test score against England. Australia were all out for 411 and were forced to follow-on.

HEROIC MCCABE

Realizing that it was up to him to score most of the runs for his side, Stanley McCabe indulged in some heroic and most desperate hitting. He stole the bowling and attempted to make every scoring stroke a boundary. Reaching his 160 in 190 minutes, he hit two fours in succession off Wright and then another two more boundaries. Later he took 14 runs off an over from this bowler who conceded 34 runs in three overs.

MEASURES TO PROTECT
BRITISH SHIPPING
IN SPANISH WATERSPREMIER TO MAKE DECLARATION
IN HOUSE OF COMMONS

London, June 13.
The London press displays great reserve in discussing the measures which the British Government proposes to take to protect British shipping in Spanish waters. It is believed that the Cabinet will reach a decision on the subject soon and that a declaration will be made by the Premier, Mr. Chamberlain, in the House of Commons tomorrow.

An exchange of views took place with the French Government over the week-end, and it is also stated that the British Ambassador in Rome sounded the Italian Government regarding the latter's attitude towards any measures which may be deemed necessary. Reports from the British representatives in Nationalist and Republican Spain have in the meantime arrived here.

Discussing the plan of sending a neutral commission to study the effects produced by the air raids in Spain, regret is expressed in the newspapers that the United States Government has not given any positive reply concerning the willingness to participate in such an inquiry.

NO DRASTIC MEASURES

A Rome message says that Italian political circles are convinced that England will refrain at any rate for the time being from resorting to drastic measures.

The Daily Express, while affirming the belief that acceptance of the British plan for withdrawal of volunteers would afford the best guarantee against the recurrence of air raids in Spain, says that it is possible that the plan may be accepted in the course of the present week.—(Transocean).

SPORTING NEWS AND NOTES

NO FOOTBALL INTERPORT?

LACK OF FUNDS THE CAUSE

Mr. W. L. Alexander, Hon. Treasurer of the Hong Kong Football Association, stated at the meeting of the Football Council yesterday that the Association had only approximately \$4500 cash in hand.

Under the circumstances he sounded a word of warning about sending a team to Shanghai for the Interport next season as such a trip would mean using up all the money.

The Council decided to refer the matter to the In-coming Council.

PUBLIC ROUP OF PONIES

The following ponies were sold at the Public Roup held at the Jockey Club Stables in Happy Valley yesterday:

WORLD SOCCER TOURNAMENT

Switzerland Lose To Hungary

WIN FOR ITALY

Paris, June 13. Three nations, Hungary, Sweden and Italy have entered the semi-final of the world football competition as a result of Sunday's matches.

The match between Czechoslovakia and Brazil ended in a draw and will have to be replayed at Bordeaux on Tuesday.

One of the outstanding surprises of the day was the defeat of Switzerland by Hungary, at Lille.

The Swiss revealed themselves as a tired team following their two hard games with Germany, and were defeated by two goals to nil.

France did well against Italy and at half-time the score was one goal all. In the second half, however, the Italians gained the upper-hand and won by three goals to one.

This match, which was played at Princess Park, in Paris, was witnessed by 35,000 spectators.

Sweden easily beat Cuba winning by eight goals to nil.

In the semi-final on June 16 Hungary will oppose Sweden whilst Italy will meet the winner of the Brazil-Czechoslovakia replay.

DOUBLE FOR ELLIOTT

WINS FRENCH DERBY

Paris, June 13. Monsieur Boussac's colt CUBA ridden by Elliott, won the French Derby at Chantilly yesterday, beating Canal by one and a half lengths. Anonym was third. The favourite, Castel Fusano, came fifth.

(Elliott won the Derby at Epsom on June 1, when he piloted Bois Roussel to victory).

INTERNATIONAL SWIMMING

Amsterdam, June 13. Holland was defeated by France in the International Swimming contest held at Bergen op Zoom yesterday. Both events were won by the French swimmers.

In water polo France won by four goals to three.

The 800 metres relay race was won by France in 6 minutes 27.7 seconds.

HE BATTED FIRST

W. A. Brown—opened the innings for Australia—failed to get his half-century by two runs!

NO REAL TEAMS, SAYS MR. W. PRYDE

The final meeting of the year of the Football Association Council was held last evening when the accounts were submitted. These showed a loss of \$61 on the year's workings.

In the course of the meeting the chairman, Mr. Walter Pryde, announced that the Association would soon be without a home, the landlords having given them notice to quit. Efforts are now being made to secure suitable premises for the Association.

Dealing with the accounts Mr. W. N. Alexander the Hon. Treasurer, said that they had very good gates for the Lal'wah Cup games but as far as the League was concerned a loss of some \$500 was sustained. This figure, however, was quite satisfactory when compared with the loss of over \$1500 for the previous season.

At this point Mr. Pryde said that the League cannot be run except at a loss unless the clubs were made to bear the fees for the referees and he personally could not see how they could do that.

"The League this year was the poorest we have seen for many years," said Mr. Pryde. "At the beginning of the year we did not know where we were—with the Army and Navy so uncertain about their movements. Let us hope we will have some real football this coming season. This year, apart from the Chinese, we did not have any real football teams."

ANNUAL MEETING The meeting then discussed the date for the annual general meeting and it was finally decided that this will be held on July 1.

"STAN" STEMS COLLAPSE

Stan McCabe—came in at an awkward moment—played out time.

BIG SURPRISE IN FRENCH TENNIS CHAMPIONSHIPS

BUDGE AND MAKO DEFEATED

Mme. Mathieu Wins Three Titles

Paris, June 13. A big surprise was caused on the concluding day of the French Tennis Championships when, in the final of the men's doubles, the French pair, Destremau and Petra succeeded in defeating the strong American combination. Donald Budge and Gene Mako by scores of 3-6, 6-3, 9-7, 6-1.

The title in the women's doubles was won by Mme. Mathieu and Miss Yorke who beat the French couple, Mme. Hall and Mme. Landry, 6-3, 6-3.

The Yugoslav player, Mitic, partnered by Madame Mathieu won the mixed doubles by defeating Miss Wynne and Christian Bousias, 2-6, 6-3, 6-4.

Thus in two days Madame Mathieu won three championship titles, having annexed the women's singles on Saturday.

DON LETS RIVAL GET HIS 1000

W. J. Edrich, the 22-year-old Middlesex batsman, at Lord's recently completed his 1000 runs before the end of May with only five minutes to spare.

Don Bradman, the Australian captain, who performed the feat for the second time, gave Edrich his chance by declaring and giving Middlesex 15 minutes' batting at the end of the day.

Edrich went in wanting 10, and as soon as he had hit them off, Bradman raced over to him and was the first to extend congratulations.

SPECIAL DISTINCTION Never before in the history of cricket have two players scored 1000 runs before the end of May in the same year, and Edrich has a special distinction as he has made all his runs at one ground—Lord's.

Others who have had 1000 are W. G. Grace (1895), T. Hayward (1900), W. R. Hammond (1927), C. Hallows (1928), D. G. Bradman (1930).

Grace, Hammond, and Hallows actually scored all their runs during the month of May.

BOOM IN AUSTRALIAN SOCCER

Never very popular with the public in the past, soccer is enjoying a mild boom in Australia this season.

The visit of an English team last year and the regular appearances of several well-known Scottish and English players this season, is largely responsible for increased attendances in Sydney.

The Leichhardt-Anandale Club now has three Scottish players, W. J. Rumbles, formerly of Dundee, J. Fyfe and James Anderson, who is described as Scotland's leading junior centre-forward in 1938. He came to Australia last year and played with the Australian XI against the English amateur team at Melbourne.

Another Scottish player in Sydney is H. W. Smith, formerly of Queen's Park.

Now two English forwards have been signed on for Gladstoneville-Ryde for three years. They are Stanley B. Mill, who played for Lowestoft Town in the Kent League, and Leonard Slater, who played for Gillingham in the Third Division of the League.

The British players find soccer a much faster game on the hard Australian grounds.

The P.O. Can't Post It

There are many things which Aden can have, but it cannot have pink-coloured quinine—because the Post Office is prohibited from sending pink-coloured quinine to Aden.

Mr. J. Coyne, of the Union of Post Office Workers, made that clear recently when he opened the Post Office Guide at random during his evidence at the arbitration tribunal into the wage claims of 130,000 postal workers at Central Hall, London.

If P.O. counter clerks were to consult the 800-page guide at every transaction it would be worse than a stay-in-strike, said Mr. Coyne as he turned to the question of pink quinine.

The Chairman (Sir Harold Morris)—It is a blow to me that pink-coloured quinine cannot be posted to Aden. Do many people want to?

Mr. Coyne—One can only assume from the fact that it is a prohibited article that somebody has tried to do so.

Mr. J. J. Mallon, a member of the tribunal—Does the clerk tell the customer to take his pink-coloured quinine himself? (Laughter).

TRICKS OF THE TRADE
Turning to another page which gave limits of size for letters Mr. Coyne said that the section dealing with the United Kingdom was so detailed that he could imagine an American who heard it saying "So what?"

Mr. Coyne said that it was no secret that in some offices clerks on parcel duty had to see that the amount of stamps which they supplied to customers was actually affixed to the parcel. If not, the charge would come back upon the counter clerk who accepted the under-stamped parcel.

Selling stamps was not easy, and one of the "tricks of the trade" which clerks had to learn early in their career was how to tear stamps from their sheets in the correct manner. Unless this was learned quickly, a clerk's drawer became very disorderly and it hindered him in balancing his accounts.

BOY FINDS
HUGE CAVERN
ON WALES COAST

A cave 300 yards long and in parts 60 feet high has been discovered by an 18-year-old boy at the foot of the famous Dinas Rock, near Pontneathvaughan, Brecon, Wales.

The discovery was made by William Lloyd, who spends most of his leisure time looking for caves in the neighbourhood.

During one of his explorations, he found a hole about a yard square in the ivy-covered base of the Dinas Rock. Then he saw a pit below.

For more than 60 feet, he descended a sheer rock tunnel until he came to the main cavern.

The next day he returned with two friends and together they thoroughly explored the huge cave. They found enormous stalactites and stalagmites and crystal quartz shimmered on the walls.

A natural bowl with crystals sparkling in it they named the "Wishing Well" and other finds included "Solomon's Temple" and a "harp" of stone which makes a musical note when it is struck.

Many people believe that the cave is more interesting than the Cheddar Caves, in Somerset, and historians and geologists are visiting the new find.

h.p., relinquishes the appt. of Lt.-Govr. and Sec. (June 21).

MEMORANDA
Lt.-Col. H. C. E. Hull, D.S.O., h.p., late The Queen's R., retires on ret. pay (June 3); Capt. (Qr.-Mr.) L. M. Lawrence, D.C.M., 12th L., is transferred to the E.R.E. List, on appt. as Qr.-Mr., Armoured Fighting Vehicles Sch., Gunn. Wing (May 16).

The follg. Lts. are attd. to the British M.L. Mission to the Egyptian Army (April 21):—A. E. G. Faig, R.A., to be Instr. in Anti-Aircraft Gunn. (Cl. FF); H. C. De Blois, R.E., to be Instr. in Anti-Aircraft and Coast Def. Searchlight (Cl. FF).

CHINESE GOVERNMENT BANKNOTES

Will Be Put Into Circulation In Chengtu

(FROM OUR OWN CORRESPONDENT)

Chengtu, June 4.

The Bank of Communications, one of the four Chinese Government national banks which recently opened a branch in Chengtu, has announced that its notes, which are legal tender throughout the Republic, will also be put into circulation in this part of China.

The banknotes are issued at the denominations of \$100, \$50, \$10, \$5, and \$1, bearing the date line of Chungking, Shanghai, Hankow, Tientsin, Shantung, Sian, Amoy, and other places but they will be legal and at par in any other ports in which by law they are permitted to circulate.

As one of the means to relieve traffic congestion outside the war zone, the Ministry of Communications interested in the public managed bus and truck service of the provincial public highways has just concluded an agreement with the military authorities that the latter would no longer call on the highway administrations for the supply of vehicles but, instead, should there be empty or half-loaded military trucks available on the roads, the public truck and bus managements may take advantage of them to carry passengers or goods, part or all the way.

CONDITION OF ROADS

As announced here and in other parts of China, the Ministry of Communications has instructed the highway administrations of the various provinces to keep the following roads in good condition so

as to guarantee proper inland traffic:—1. Wuchang, Changsha, Hengyang, Canton; 2. Changsha, Hengyang, Lingling, Liuchow, Chennankwan; 3. Changsha, Yuenling, Fanghsien, Kweihsang; 4. Chungking, Kweihsang; 5. Kweihsang, Kunming; 6. Nanchang, Changsha; 7. Hankow, Sian; 8. Sian, Hanchung, Chengtu, Chungking.

Since the war, all highway, waterway, and other forms of public communications have come within the command of the central military authorities which, during the last few months, have been sending out inspectors to supervise the reconditioning of all existing lines and opening new ones. All bridges along the public highways in the south-west are also being strengthened, those bearing only two tons being reinforced to five or more.

CHINESE PLAN ATTACK ON KAIFENG

(Continued from Page 1)

Hankow, June 13. The waters of the Yellow River are now pouring through the destroyed dikes between Chengchow and Kaifeng like a roaring cataract ten miles in breadth into that part of the plain of Honan situated on the river's southern bank.

According to reports reaching here today, Kaifeng is completely surrounded by water. All the gates of the city have been shut and barricaded with sandbags in the hope of preventing inundation.

The greater part of the Japanese troops has already left Kaifeng, while the civilian population is said to be fleeing in the direction of Chengchow, where over 50,000 fugitives have arrived.

It is feared that within a short time the whole plain of Honan, both north and south of the Hwang Ho will be flooded.

The provincial authorities have been instructed to pay particular attention to the problem of refugees which will become extremely difficult within the next few days.

Whilst 35,000,000 inhabitants of the province of Honan will be exposed to terrible misery by the floods, there is no gainsaying the fact that the catastrophe is advantageous to China from a military point of view since the floods prevent the Japanese from advancing along the Peiping-Hankow Railway in a southerly direction on Huchang.—(Transocean)

JAPANESE REAR MENACED

Chengchow, June 13.

Whilst the Japanese are focusing attention on the Langhai Railway, large Chinese units are creating disturbances at their rear in south Shantung.

Beside the recapture of Linzi and Mengyang, which has been admitted by a Japanese spokesman, the Chinese have also re-entered Chucheng, 60 kilometres from the Kiaotsai Railway, and Shihchiao, on the Shantung coast, about 10 kilometres southeast of Jihchiao.—(Central News)

POWERS' FIRM STAND

(Continued from Page 1)

recently undertook a trip on the Yangtze. Concerted action on the part of Great Britain and the United States is foreshadowed.

No previous notice is being given to the Japanese regarding Admiral Yarnell's trip, as in the absence of a formal declaration of war between Japan and China, warships of other Treaty powers may proceed in Chinese waters without restriction.—(International)

DISAPPEARANCE OF CANTON BOMBING FILM

FOREIGNER IS MENTIONED

The disappearance last Tuesday night of a Hong Kong bound train, during a raid, of about 1,200 feet of film depicting the bombing horrors in Canton, taken by Mr. A. T. Hull, Pathe newsreel cameraman, has caused varying conjectures in both Canton and Hong Kong.

Whether the theft was committed by Japanese agents desiring to prevent the film, which was said to be the most comprehensive record of the air massacres perpetrated by Japanese airmen in the Kwangtung capital, from reaching the outside world, or whether it was prompted by other considerations is not known.

The following facts, however, are hitherto unrevealed.

It is authoritatively learned that while Mr. Hull was staying at the Oi Kwan Hotel in Canton, a foreigner, giving himself out to be a film agent, approached Mr. Hull with an offer to purchase the film at a fabulous price.

Mr. Hull refused the offer, as the first option was reserved for Pathe to whom Mr. Hull was under contract.

The foreigner then offered to sell Mr. Hull certain lengths of film which he stated that he had taken of the bombings, but Mr. Hull said that he had no authority to purchase film on behalf of his company. Mr. Hull later changed his residence, moving to the Y.M.C.A.

According to acquaintances of Mr. Hull in Canton, the foreigner was seen to board the same train on the journey to Hong Kong. The loss is estimated to be in the region of \$5,000, U.S. currency, at the rate of \$5 per foot which Pathe was to pay to Mr. Hull.

Japan Trying To Undermine British Trade

USES WAR PRETEXT TO CREATE BARRIERS

London, June 13.

The Daily Telegraph this morning features an article by Mr. E. M. Gull in which it is stated that Japan is tightening control of Chinese trade.

The article charges that the Japanese are continually using the pretext of war conditions for creating barriers against British trade, despite repeated assurances that the "open door" and British interests would be respected.

MONOPOLIES

The article cites the exchange control laws of Manchukuo, which favour Japan against all other countries, and asserts that Japan's introduction of a new currency in North China the setting up of wool and hemp monopolies, the tariff alterations and other measures are manifestly designed to extend similar restrictions to China.

UNDERMINE BRITISH TRADE PREDOMINANCE

Stressing the Japanese attempts to dominate the Shanghai Municipal Council, the vexatious restrictions for resumption of business in Hongkong and Yangtszepoo areas and the holding up of the Whangpoo Conservancy, the article points out that they are parts of a plan to undermine historic British predominance in Yangtze Valley trade.—(Reuter)

DEPLORES RAIDS ON CANTON

German Envoy's Son Visit Wounded Red Cross Workers

Canton, June 13.

Herr F. Trautmann, son of Dr. Oskar Trautmann, German Ambassador to China, has expressed his dissatisfaction with the wanton Japanese air bombardment of Canton, especially the machine-gunning of Red Cross workers who were carrying out rescue work at the time of the raid on May 28.

Herr Trautmann, who arrived recently in Canton from Hankow, is a personal witness to the recent indiscriminate Japanese aerial attacks on Canton, which caused death and injury to thousands of innocent civilians within the short space of ten days.

The son of the German envoy, who is himself a distinguished Red Cross worker, today visited the Canton Branch of the Red Cross Society and called on the many staff members who were wounded by Japanese machine-guns in the air raid on May 28.

During his visit, Herr Trautmann saw the special Red Cross ambulance car which was riddled with machine-gun bullets.—(Central News)

NIGHT RAID ON CANTON

(Continued from Page 1)

At 10.30 a.m. three Japanese planes were reported to have reached the Kwangtung border from Fukien via Swatow, according to Chinese dispatches.

The alarm was sounded throughout Canton and although no planes appeared the all-clear was not given until noon.

WAICHOW RAIDED

It was officially stated that the raiders reconnoitred a large area in East Kwangtung and scattered thousands of leaflets. The planes also dropped eight bombs in Waichow. No details are available of the damage done or the contents of the leaflets.

In the early morning raid on Kwangtung ten bombs were dropped near Kiangsun, resulting in a number of casualties among the peasants, and the demolition of a number of farm huts.—(Reuter)

AERODROME BOMBED

Canton, June 13.

Three bombs were dropped on the Tien Ho aerodrome this morning, inflicting only minor damage. There were no planes inside the hangars, most of which were destroyed in previous raids.
Over 40 bombs were dropped on Shekling on Sunday in an effort to destroy the Canton-Kowloon Railway bridge. Bombing was inaccurate owing to heavy ground fire.—(Our Own Correspondent)
